The superior combination of Water Flossing and Sonic Brushing.

Waterpik® has taken Water Flosser technology to the next level by combining a more effective way to floss with a more effective Sonic Toothbrush. Now your patients can get all their brushing and flossing needs in one convenient and clinically-proven product. Compared to even the world's leading sonic toothbrush brand, Waterpik® Complete Care is significantly more effective for plaque removal, bleeding reduction, and improved gingival health. Give your patients a healthy smile for life - recommend Waterpik® Complete Care.
